Annexes:

Technical & characteristics details

SEARIDE CONCEPT DESIGN

Luxury catamaran, elegant and modern design

SEARIDE CONCEPT DESIGN

Spacious, ideal for family and friends, with privacy and exclusivity

SEARIDE CONCEPT DESIGN

With the comfort of a “500 to 800 sqm houseboat“, fully equipped, top quality

SEARIDE CONCEPT DESIGN

Full integrated with the marine environment, 100% eco-friendly

SEARIDE CONCEPT DESIGN

Artificial intelligence optimized, autonomous smart sailing system

SEARIDE CONCEPT DESIGN

Bacteria and virus-free fresh air and surfaces, touchless domo management

SEARIDE LUXURY LIFESTYLE

Enjoying relax & wellness atmosphere

With open & glazed 100 to 160 sqm main instance with marine view floor, terrace, private beach, seawater SPA, fitness & chill out area, bar, barbecue, outdoor solar showers

www.searide.international / contact@searide.international

SEARIDE LUXURY LIFESTYLE

Enjoying quality time

With diving room, extra large beach hydraulic platform, semi-rigid (RIB) dinghy (SeaRide exclusive design - 6 PAX), jet skis, paddle surf boards, etc.

SEARIDE LUXURY LIFESTYLE

Enjoying world top locations

With the Piece of Mind & All Inclusive Searide Program, you will just have to enjoy your own boat at different world top locations: Dubai, Monaco, Lisbon, Ibiza, Canary Islands, Marbella ..

PIECE OF MIND & ALL INCLUSIVE SEARIDE PROGRAM

*The Searide models are offered as a mix of co-ownership & time-sharing
“Piece of Mind & All Inclusive Searide Program”*

PIECE OF MIND & ALL INCLUSIVE SEARIDE PROGRAM

- *For one unique upfront fee, and for the duration of the 20 years' contract, the Searide Agency takes care of everything as harbor, insurance, maintenance, charter, promotion, reservations, cleaning, security, with all these costs and expenses covered*
- *For each program-participation, the co-owners enjoy “their” Searide luxury catamaran in different locations, up to 9 weeks per year: 2 high season, 3 mid season, 4 low season*
- *The co-owners can sale or transfer their program-participation(s), including inheritance, for the time of the contract*
- *The co-owner can free-up some of “their” weeks for a charter rental option, **with a yield of up to 10% per year** (fully managed by Searide Agency)*

*Maximum of 5 co-owners per available boat
High, medium and low seasons will be adapted to each location
First co-owners will have preference for defining the “top locations”
Custom projects are available on-demand*

www.searide.international / contact@searide.international

In the summers of 2020 and 2021, the mid-low rental price in high season for the Searide equivalent models was 70,000 Euros a week. All units available in Europe and the Mediterranean were around 100% booked

Option for Diesel Tanks (Liters)	1.800 to 3.600 x 2			
Drinking Water Production (Liters / day)	1.000 to 2.000 x2			

STRUCTURE & CERTIFICATIONS

Category 4 Superstructure, transoceanic, with triple certification

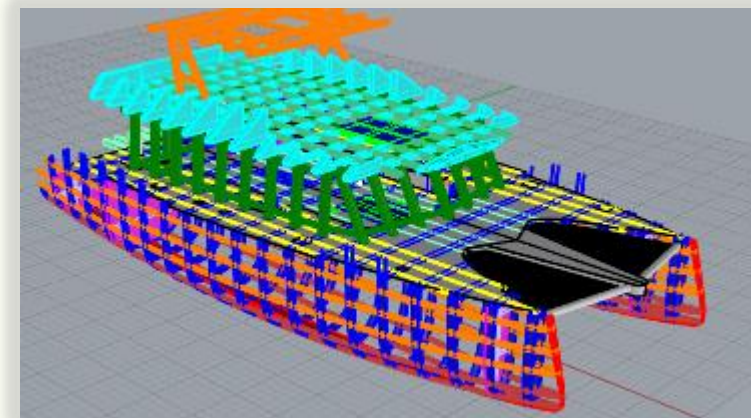

- Cartagena Maritime Agency
(Spain)

- Eurocontrol
(CE)

- Lloyds
(International)

LUXURY WITH ZERO EMISSIONS

In its 100% electric version, the Searide is totally autonomous for generating its own energy and its own drinking water

- ENERGY MANAGEMENT BY ARTIFICIAL INTELLIGENCE, to take advantage of the extra energy generated in peak hours for generating drinking water and adjusting the temperature and humidity of each instance, individually (the water from the anti-humidity system is recovered for drinking water)
- HIGH EFFICIENCY MARINE ELECTRIC MOTORS, specially designed by Searide (Tesla), from 150 to 500Kw per skid (x2)
- LIFEP04 LITHIUM BATTERIES, with special Searide Marine design and located in the bow bilge, with easy access for maintenance and replacement, from 150 to 500 Kw/h per skid
- MARINE SOLAR PANELS, Searide design, SuperCell type, with maximum efficiency even with low solar incidence, placed on port and starboard sides, skirt and fly roof, and on both sides of the mast
- VERTICAL ECO-BIRD TURBINES, with low-speed helical blades and specially designed to respect birds, protected by a network
- ECO-FAUNA HYDRAULIC TURBINES, specially designed to respect marine fauna, with protected low speed blades, leveraging sailing and currents at anchor
- OTHER ECO FEATURES: CE certification of recyclable materials, zero packaging plan and exclusive use of water-based paints and varnishes, without negative incidence of micro-particles in the marine environment

OPTIMIZATION BY ARTIFICIAL INTELLIGENCE

Most of the functionalities of the Searide equipment can be managed by voice and remote control thanks to the unique artificial intelligence integrated system

5G Wifi, voice and finger-print secured recognition and remote control for managing and optimizing:

- Connection and disconnection of appliances and equipment
- Air conditioning, heating, fan, dehumidifier
- Lights off and on, intensity and colors
- Access to the ship (main entrance) and to each cabin individually
- Visualization of surveillance for infrared cameras and management of alarm zones
- Speed control, engine temperature, energy production, battery level, drinking water, bilge water, sewage level, maintenance alarms ...
- Advanced navigation system, autopilot, maneuvering and docking functions of the boat from the dock with autonomous robotic sailing system

*Wristband Smartphone Searide design model delivered with all remote-control applications 4G-Wifi-Bluetooth-2.88 “
Multi smart-devices options: PC, Tablets, Phones, Whatches*

ANTI BACTERIA AND ANTI VIRUS FREE SOLUTIONS

All the elements have been adapted to comply with the anti-bacteria and anti-virus protocol of the intensive care units of the German health agency

- Nanotechnology anti-bacteria and anti-virus surfaces
- Touchless and contactless controls with voice recognition
- Individual HEPA filtered and ozone cleaned fan, air conditioning, heat and dehumidification system per each individual instance
- Autonomous water purifier and ultraviolet virus treatment

SPACES TO ENJOY

● *Chillout & private beach*

- SPA with sea water
- Solar shower
- Chill out sofa area
- Bar with barbecue
- Private beach
- Duplicated Captain Control

SPACES TO ENJOY

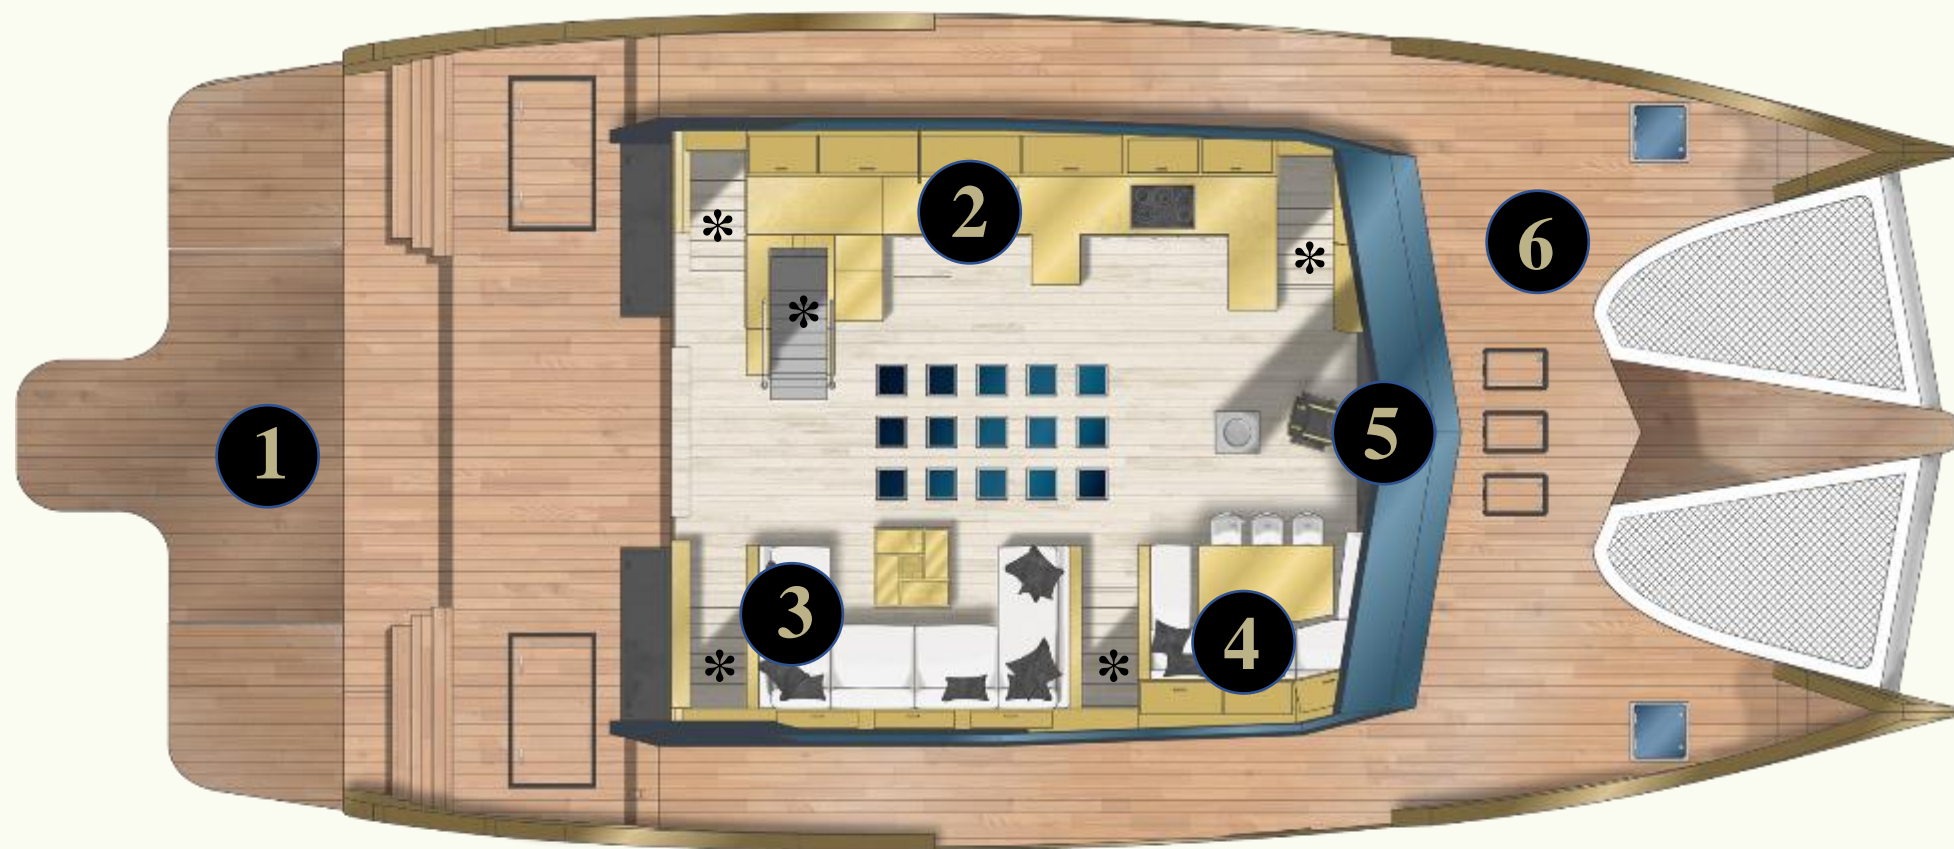

● *Deck Floor*

- 1.Aft deck and platform
- 2.Full kitchen
- 3.Open living room

- 4.Integrated dining room
- 5.Main captain control
- 6.Proa beach

*Access to cabin floor and flybridge

SPACES TO ENJOY

● *Deck Floor – Aft deck and Platform*

- Wide “gazebo” design
- Dining table with for 12 people
- Starfall lights ceiling
- Solar shower
- 2 watertight drawers with large storage capacity (life jackets for the dinghy, ropes, cleaning utensils ...)
- Platform - beach from 4 to 5.5 meters
- Sinking in the water up to 70 cm to position and raise the auxiliary boat (RIB), jet skis, paddle boards, etc ..
- Rising up to 50 cm above the deck to facilitate access to elevated piers, as an ideal walkway for children and people with reduced mobility

SPACES TO ENJOY

● *Deck Floor – Full Kitchen*

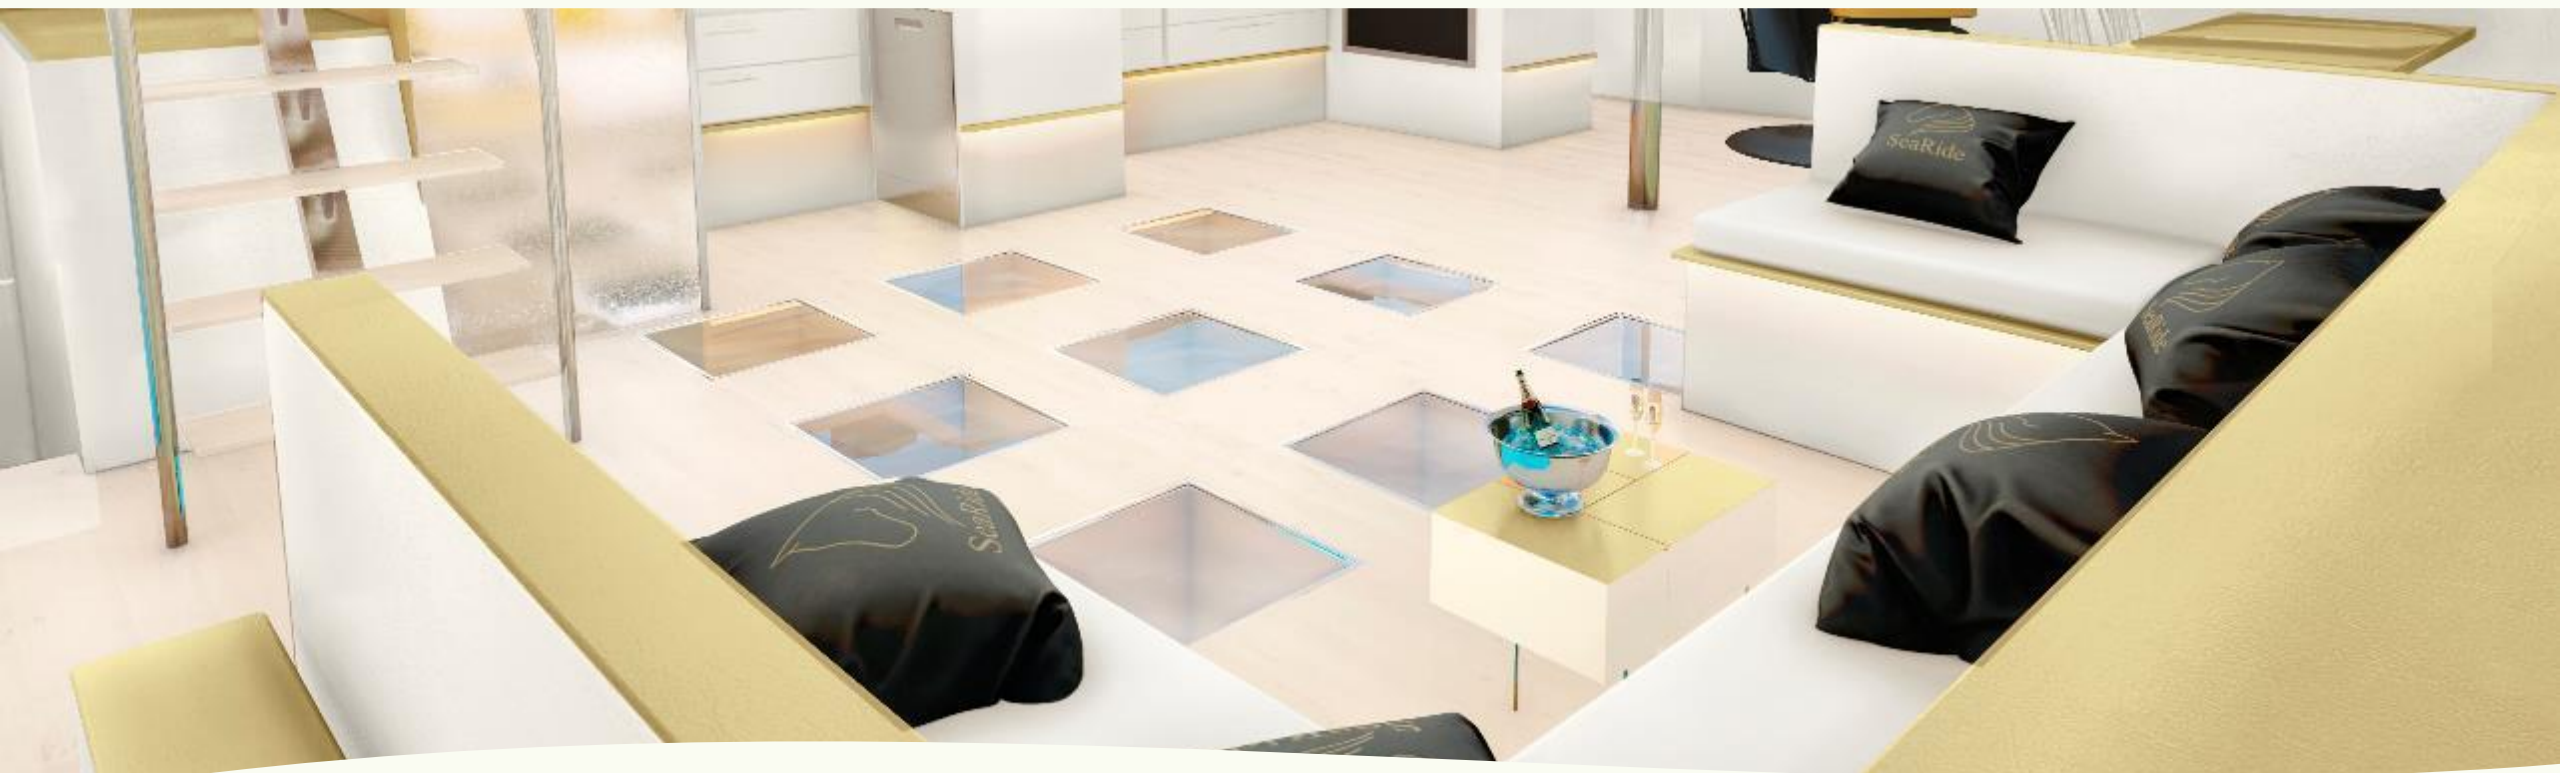

- First brand washer-dryer
- American type fridge & freezer
- 24 wine bottles rack
- Double back dishwasher with multi-handle tap
- Dishwasher 12 covers
- 5-burner induction hob
- Kitchen robot
- Espresso machine
- 2 working islands
- Oven 90 cm
- Microwave grill
- Complete set of kitchenware and utensils
- Ample storage spaces for +2 months of navigation

SPACES TO ENJOY

● *Deck Floor – Open Living Room*

- Double chaise sofa (U type)
- 75-inch retractable ceiling TV screen
- Extra storage space in the sofa frame
- Integration of the marine environment with a screen connected to 4 underwater cameras that broadcast the sea bottom in real time
- Glazed floor openings (Borealis Aurora lights effect)

SPACES TO ENJOY

● *Deck Floor – Integrated Dining Room*

- Large table with benches and chairs
- Capacity for up to 12 people
- Additional storage space in the bench structure

Formación Servicios

Tf. 913 54 12 00
Altamira 9, 32 Pol. 28009 Madrid
npsys@npsys.es
www.npsys.es

SPACES TO ENJOY

● *Deck Floor – Main Bridge*

- Captain's chair
- Two 16-inch B&G (special sailing) displays
- Touchscreen control of all elements of the boat
- 39-inch curved screen to control secondary elements (lights, appliances and surveillance cameras)
- All control and maneuvering elements connected by a triple network system
 - ✓ NVIDIA2000 Physical Network
 - ✓ 5G Wifi Lan (HTML5)
 - ✓ Zigbee (Radio Frequency, independent from Wifi & Internet)

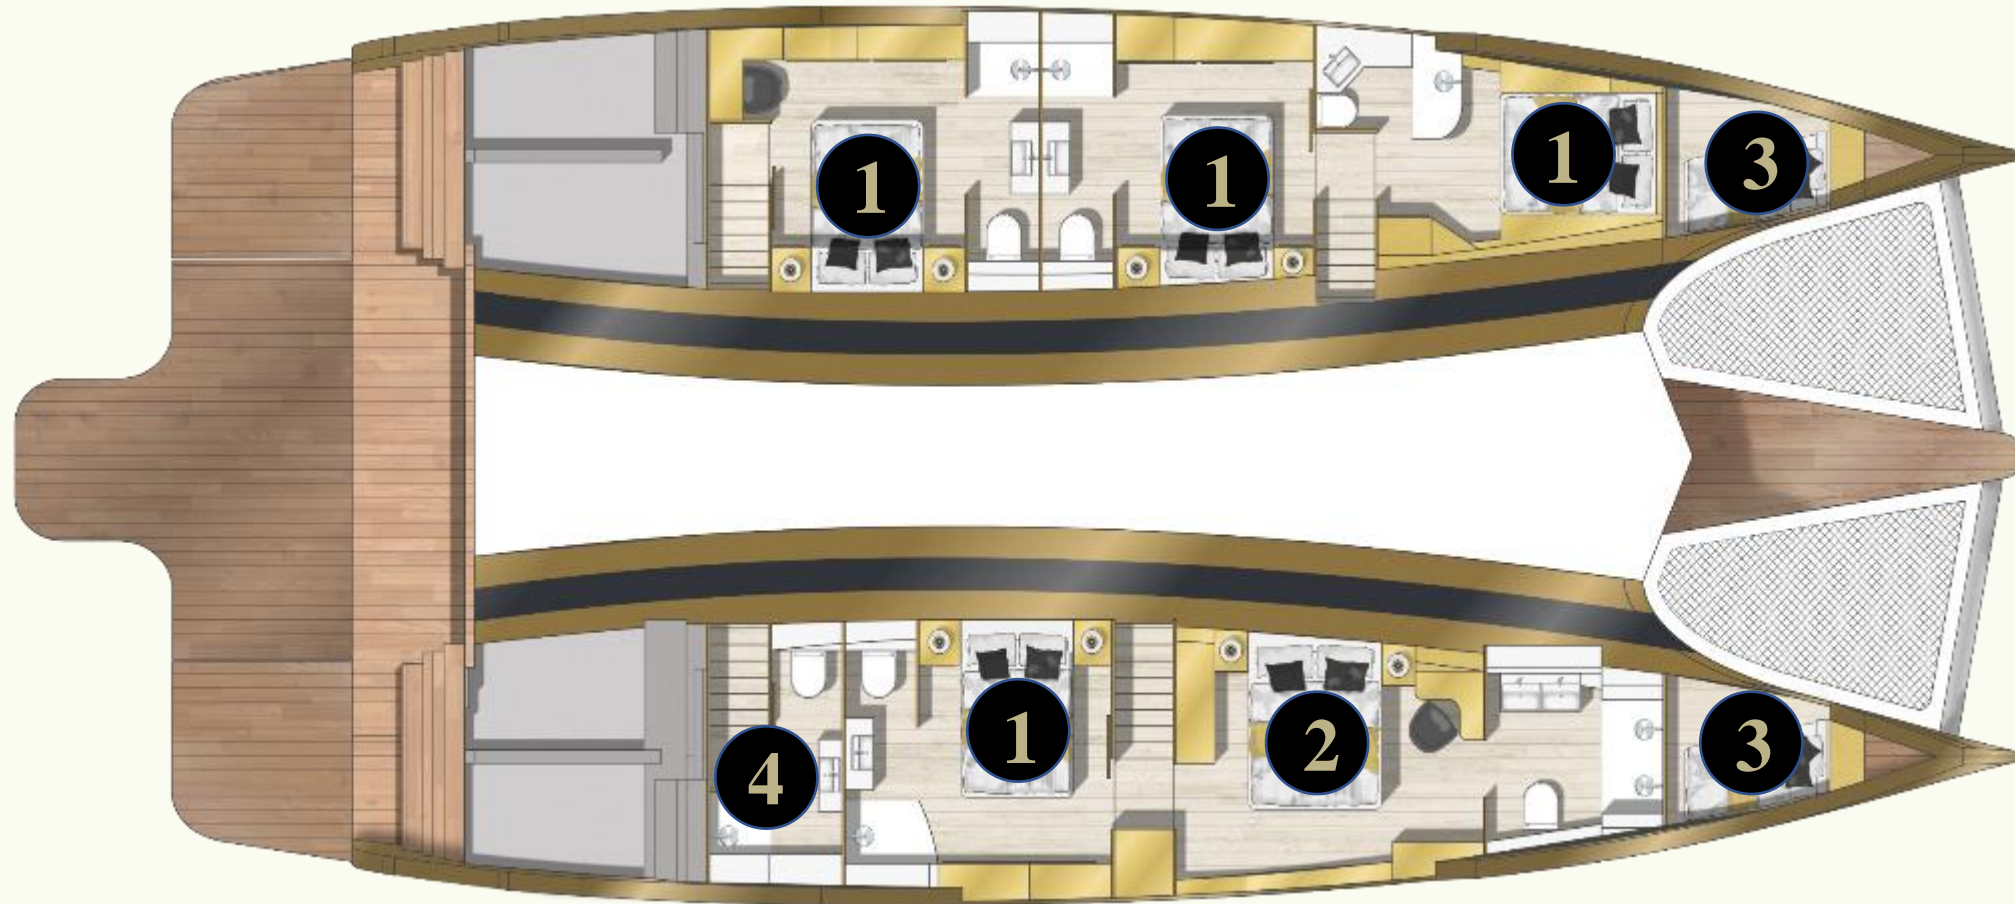

SPACES TO ENJOY

● Cabins Floor

- 1. Suite Cabin
- 2. Doble Suite Cabin

- 3. Crew Cabin
- 4. Guests Toilet

*Possibility of custom configuration, up to 12 suites,
6 double suites, kitchen, gim, office, TV Room, etc...*

SPACES TO ENJOY

● Cabins Floor - Suites

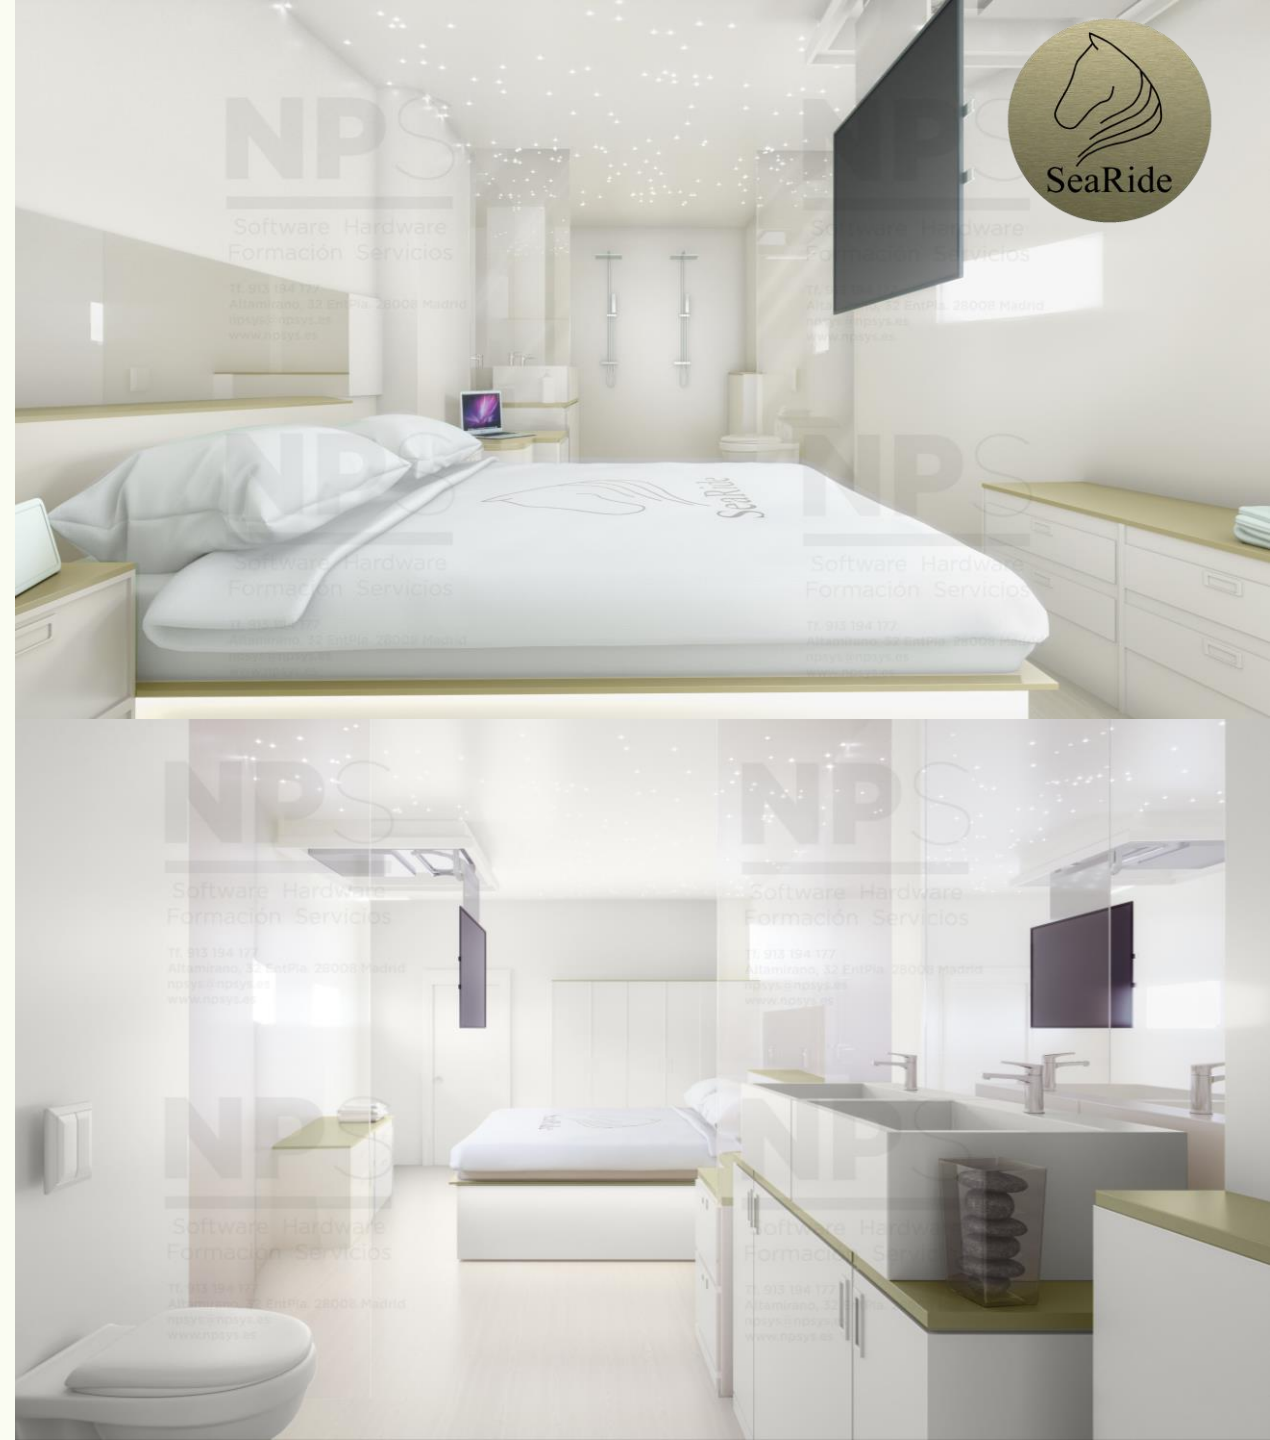

- Cabins in suite format, capacity for 2 people each
- Complete and private bathroom
- 1.3 x 2m fold-down trundle bed
- Nordic, open and elegant design
- Textiles of the highest quality, Searide design (Zara home)
- Retractable Smart TV on the ceiling
- 5G Wifi access
- Voice control of lights (color and intensity)
- Large drawer and hanging cabinets
- Office area
- Air conditioning, heating, dehumidifier, HEPA anti bacteria-virus filter
- Individual access control by App, fingerprint and access code

SPACES TO ENJOY

● Cabins Floor – Double Suites

- Same features as the suite cabin, with a larger size
- 1.8 x 2m fold-down trundle bed
- Bathroom with double shower columns and double sink
- Spacious office area and cupboards
